NEW TELEPHONE SYSTEMS

NON-SECURE TELEPHONE SYSTEM

Why is it being replaced?

The old switch is a leased facility installed at the initial occupancy of the current building.

That switch sits where the cafeteria space is planned.

The lease costs for the switch are year.

STAT

Instead of moving it and continuing to lease it, we decided to purchase a modern digital switch.

Schedule

Wiring is taking place now.

Telephone instruments in December 85.

Cutover for new switch is January 20, 1986.

Slowdown for new installations in the old switch will start in November, freeze will start in December.

Changes

STAT

The new telephone instruments will be beige colored, pushbutton dial instruments, either single line or multi-button depending on the requirement. All secretarial instruments will be multi-button.

STAT

[redacted] will not be used in Headquarters complex.

STAT

The number of people on the compound [redacted] so a new exchange is needed.

STAT

[redacted]

STAT

[redacted]

Everyone will have their own telephone number.

Last four digits of the prime phone number for each unit will for the most part remain unchanged

STAT

[redacted]

Schedule

Wiring in spring 86.

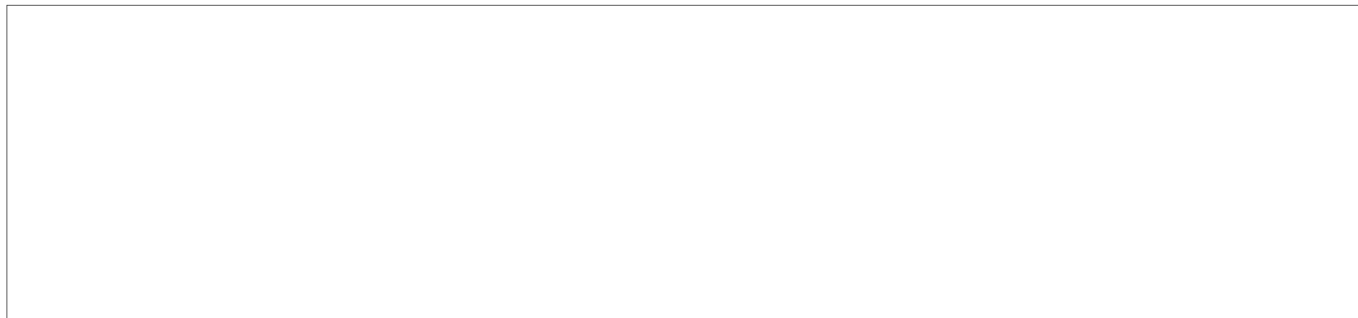

Phased installation beginning in summer 86.

Changes

New green and beige telephone instruments.

Instruments are multi-line, push button.
